REGO REMINDER STICKERS

Don't let your car go unregistered!

With the changes to Car Registration rules about not having to show Registration Stickers anymore, are you having trouble with potential customers wanting to know when the car rego is due?

Why not try this easy way of solving the problem. We have come up with a convenient sticker that shows the month on the front which will be visible through the windscreen and on the back you can write the exact expiry date of the vehicles rego.

Our unique colour scheme makes it easy to see which month your rego is due.
