330 - Duct Tape

- High quality and versatile.
- Lead free PVC duct tape is perfect for sealing, joining, repairing and binding.
- The solvent based rubber adhesive provides flexibility and strength under even the most extreme conditions and a wide variety of surfaces.
- Suits all trades including plumbing, concretors, builders and air conditioners.

334 - Clipper Duct Tape

- General purpose PVC tape with a strong natural rubber adhesive which holds and seals well on a wide variety of surfaces.
- It's smooth and pliable finish provides excellent moulding properties making it the perfect companion for your work or building site.
- Ideal for joining and sealing concrete and builder's films it's also versatile enough to be used for strapping, bundling and flexible ducting.

Hazard Tape

- Don't chance the safety of your employee's or visitors in hazardous work sites or areas.
- Highly visible internationally recognised coloured tape is manufactured from durable PVC material resistant to all the elements.
- Economical and functional, this non-adhesive tape provides ultimate solutions for safety, construction, painting, mining, hardware and law enforcement sites.

238 - UV Resistant Masking Tape

- Cantech UV resistant masking tape is made with a comfortable blue crepe paper providing excellent UV resistance.
- Coated with a solvent acrylic rubber adhesive it is ideal for outdoor use on glass, wood, vinyl and metal surfaces.
- This high quality masking tape can be left up to 14 days leaving no stains or residue upon removal.

209 - Premium Safe Tack Masking Tape

- Cantech's premium safe tack versatile masking tape is ideal for use on regular, semi delicate and delicate surfaces as it bonds quickly but won't damage surfaces to which it is applied.
- Its natural rubber adhesive is UV resistant and remains stable over time.
- Recommended where tape needs to be removed up to 7 days after application, its special adhesive formula removes cleanly after application.
- Durable paper provides excellent conformity and tear resistance and is designed to resist most paints and lacquers.

Paper Masking Tape

- Ideal general purpose tape made from impregnated crepe paper designed to withstand temperatures up to 80°C.
- Highly adaptable it is suitable for a large range of applications including spray and brush painting, light bundling, packaging, shelf identification, protection and splicing.
- Being low tack, it is easily removable and leaves no residue along with minimum paint bleeding.
- Tape tears easily for handling.

801 - Double Sided Paper Tape

- Durable 40 micron tissue paper backing with an acrylic resin adhesive for superior performance.
- Ideal for those hard to get to jobs where minimum gaps are essential. eg. Trophy plaques, badges.

652 - Premium Double Sided Cloth Tape

- Strong and durable 400 micron provides exceptional performance in a variety of applications including carpet/floor laying, concreting, building and drilling.
- Rubber solvent adhesive is ideal for use on even the most challenging surfaces.
- Wax paper protection ensures easy handling.

150 - Filament Tape

- Very high strength cross weave enhances its strength and prevents stretching and warping during use.
- Aggressive self adhesive makes this tape a suitable alternative to metal or plastic strapping on all our bundling and binding applications.

740 Mounting Tape

- This tape has a green liner.
- An extremely high quality double sided tape mainly used in the panel beating industry.
- A feature of this tape is that it is water resistant allowing the user confidence for outdoor use.

PVC Colour Coding Tape

- Ideal for distinguishing different products and stock batches as well as bag sealing for fruit, bread and vegetables.
- Available in a variety of colours the 60 micron finish with natural rubber adhesive provides extra strength when handling.

Nitto Electrical Tape

- Nitto electrical tape is a rubber resin adhesive tape which provides excellent insulation and adhesion for track, industrial and domestic applications.
- Its high resistance to temperature extremes makes it the perfect companion when working on electrical wires, cables, pipes and insulation.

Anti Slip Thread Tape

- High quality safety tapes for many applications.
- Ideal for identifying potentially dangerous areas, and for ensuring a safer environment and workplace.
- Helps prevent slips, falls and accidents.
- Ideal for walkways, ramps and steep areas or areas subject to dew and moisture.
- Suitable for use on stairs, ladders, trucks & work vehicles, sporting equipment, etc.
- Easy application - just peel off the liner and apply the self adhesive tape to clean dry surface.

120 - Premium Cloth & Binding Tape

- Nichiban cloth tape is one of the highest quality cloth tapes available in the world.
- Strong and durable 316 micron woven polypropylene is manufactured for optimum performance in Australia's most extreme outdoor conditions.
- Superior rubber solvent adhesive is ideal for high temperature resistance and long term bonding.
- Functional and versatile Nichiban cloth is suitable for all industries and trades.
- Hand tearable for convenience on the job site meaning no dispenser or blades are required.

217 - Pre-Taped Drop Sheets

- Convenient all-in-one professional pull down drop sheet with masking tape.
- Repels the messiest paint spills and also protects against dust, and debris for faster clean-ups.
- Ideal for furniture, equipment and floor protection during painting. Designed to handle any paint or home improvement project.
- These plastic Pre-Taped Drop Sheets protect floors, carpets, counters, furniture, equipment and much more.
- Available in two sizes with or without dispensers.

Custom Printed PVC Tape

- May be printed in up to 3 spot colours.
- White, tan or clear background.
- Hand dispenser also available for easy application.

130 - Non Adhesive Flagging Tape

- Barrier tape is non adhesive PVC used for marking out designated areas.
- Mainly used in the surveying industry.
- It can confidently be left out in the elements for up to 6 months.
- Also known as surveyors tape.

First Aid Kits

- Class C Portable - suitable for 1 - 10 people.
- Class B Portable - suitable for 1 - 25 people on construction sites and 1 - 90 people on other work places.

Premium Polypropylene Packing Tape

- High grade rubber solvent adhesive provides outstanding performance in even the most challenging conditions - hot or cold.
- Suitable for use in most transport and extended storage conditions including freezers.
- Available in clear or tan.
- Packaged in shrink wrap sleeves with cellophane dividers to minimise dust and ensure long shelf life.
- Hand dispenser also available for easy application.
- Superior holding strength gives you the piece of mind that your valuable product will arrive at its final destination in the same condition it left.

Premium Quality 7 Layer Cast Film

- Premium grade 7 layer co-extruded cast film delivers 250% stretch and a strong and consistent yield giving you outstanding coverage and value.
- Crystal clear gloss finish provides easy identification and excellent scanning clarity.
- High puncture and tear resistance film provides greater load retention and robust performance for even the most difficult loads.
- Epic Stretch's quieter operation is perfect for low noise environments.
- Outstanding coverage protects your valuable merchandise from water, dust and moisture during both transit and storage.

Self Amalgamating Tape

- Used for waterproofing connections.
- The top protective layer is peeled off and the rubbery self-amalgamating tape underneath is wrapped tightly around the connection to be waterproofed.
- The layers merge together creating a waterproof seal.
- Recommended for automotive and aerial installations.
- Rubber based and non-tacky and very easy to apply.

184 - Printed Fragile Tape

- Bright red print on a strong polypropylene yellow tape stands out ensuring your goods receive the careful handling required.
- Rubber solvent adhesive provides reliable results every time.

Strapping Tape

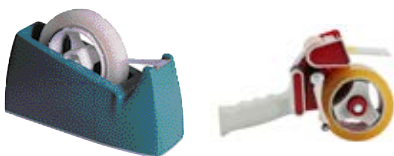

- A great alternative to heavy duty bundling tape.
- High strength and easy to apply, this durable tape can be applied on top of stretch film to provide additional security and protection during transport.

430 - Polypropylene Packing Tape

- 50 Micron premium grade packaging tape designed to stabilise and secure the heaviest loads.
- Superior rubber solvent adhesive stands up to the harshest conditions including freezer use.
- Packed in shrink wrap sleeves with cellophane divider.

Tape Dispensers

Desk Dispenser - Two options available

- Tapes up to 18mm wide
- Tapes up to 25mm wide

Pistol Grip Tape Dispenser

- Suitable for packaging tape up to 50mm wide

Self Adhesive Packing Envelopes

- 150mm x 115mm, clear with yellow/black print.
- Excellent rubber solvent adhesive.
- Strong plastic protects your packing documents.

Co-Adhesive Bandages/Tensoplast

- Reusable, non-adhesive and self adhering.
- The co-adhesive bandage is commonly used in the equestrian industry to protect horses legs from accidental injury.
- The adhesive allows for greater compression - will not stick to skin or hair.
- The bandage sticks to itself and will not slip or loosen during activity so no clips are required.
